10 YEARS of HOPE

All numbers are based on the registered walkers the day of the event.

Why We Need Help

Wyoming has one of the highest suicide rates per capita in the United States. This leaves survivors of suicide loss looking for resources of hope and help during these heart-wrenching times. The Walk of Grace has consistently had an increase of attendees every year since the inception of this annual event, with last year (2018) reaching over 2,000 registered walkers. We would like to keep the walk free of charge so that the cost does not deter the public from participating and receiving the support they may need as a survivor of suicide loss, or for someone who is struggling with thoughts of suicide. With the growing rate at the Walk of Grace, Grace for 2 Brothers Foundation is in need of corporate sponsors to partner with the foundation to provide this essential community event.
